On The Run...

February,
2019

Welcome to "Roosters On The Run..." - The Roosters Hockey Club periodic community club update on the activities, adventures and achievements of the club and its members.

President's Report

Well, the start of competition season is now fast approaching. It was great to see so many familiar and new faces at our registration day, where we ran a "Come and Try" session and made our Club's special announcement.

For those that couldn't attend, the Roosters Hockey Club has entered into agreements with the Runaway Bay Sports Super Centre to officially make the Nikki Hudson Hockey Centre our home base.

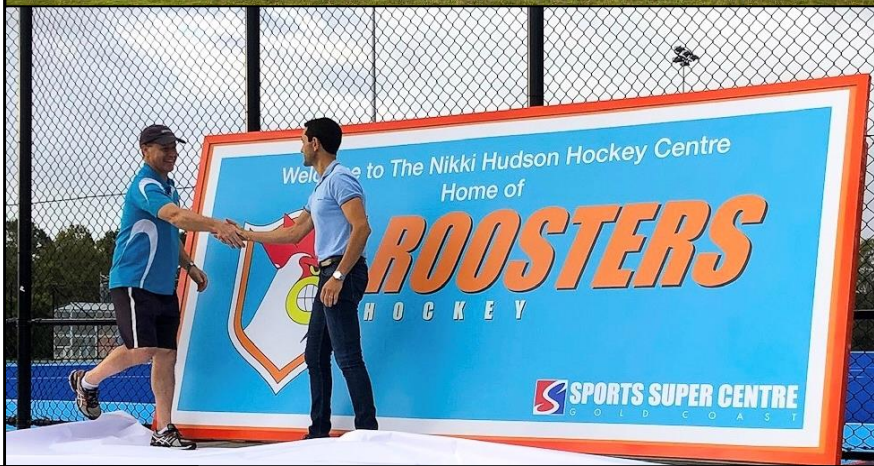

This milestone achievement will provide multiple longer-term benefits to the club in terms of stability, facility infrastructure & related opportunities, supplemented also by member access benefits to the many facilities, activities and programs that the Sports Super Centre offers.

We'd like to thank our local MP, David Crisafulli, and the Sports Super Centre representative, Mr Ranfurly Hockey, for coming down and assisting with the unveiling of the impressive ground signage to mark this announcement, which you will soon also see replicated throughout the centre.

Thanks to the Bulimba Bulls for coming down to participate in trial games with our Mens' teams. All three games were very competitive and it was a great player preparation exercise. It would be great to continue this arrangement long into the future.

Both Junior and Senior training are now in full swing and team selections will be happening soon, so if you are yet to register - we encourage you to do so promptly to assist with this process. This is always an especially busy time of the year getting all the team prepared for the season start. We're looking forward to our teams getting on the turf and for the competitions to start.

Daniel Oliphant - Club President
